

GIRL SCOUTS®
Where Girls Grow Strong.

Girl Scouts-Lone Star Council invites you to **LEGISLATIVE PAGE**

March 8th – 12th, 2009

We are very excited to invite you to participate in the Texas Girl Scouts Legislative Page Program from Sunday, March 8th to Thursday, March 12th, 2009.

This program in conjunction with the Senate Sergeant at Arms will allow the girls the opportunity to Shadow Senate messengers and meet elected officials - while seeing our government in action and meeting other Girl Scouts from around the state.

The activities will include assisting in the Senate offices with special projects, delivering messages and materials, and attending legislative sessions. In past years, Girl Scouts have worked in the pit with Senate messengers, been recognized on the Senate floor, and met their own representatives. As you perform your tasks, you will meet various legislators and other governmental officials from every level.

When not in the hustle and bustle of the legal realm, we will be learning how to incorporate what we are learning into a platform that we are passionate about, develop that platform, and be able to present it to others in an effective manner. We'll also relax with a little sightseeing and shopping.

We know that you will bring an excitement, and a love of Law and Government, and that you will share that excitement, and love, with your council when you return home.

Through educational activities, networking opportunities and city exploration, the young women will take away practical information as well as an experience that will last a lifetime.

Registration Forms can be found at the
GSPB website under
Programs/Registration Forms
@ www.gspb.org
